# M-Able Monitor

Program for the Traumatcally Brain Injured

Dear Friends of M-Able,

We at M-Able are so grateful to all of you who have supported us. You have made it possible for us to have a program for the brain injured that is so positive for each of them. Our therapies consist of Pet, Music, Horticultural, Cognitive, Massage and Physical Trainer sessions. Our clients are treated with respect and affection. Our motto, "There is always a unique part of each human being which can shine. Finding that quality and helping it flourish is the aim of the M-Able program" says it all. You make this possible by your continued financial support. Thank you, Yvonne McClatchy

We would like to thank **Carolyn Wilf** and **Marsha Stamm Gayl** for volunteering this past summer.

Carolyn helped her father Ed Wilf with his weekly Pet Therapy sessions. Carolyn was quick with interacting with our clients and guiding her dogs Chili and Taffy to enable movement and vocal tasks for both clients and pets. Her sister **Lauren** also volunteered.

Marsha was a joy to have this summer. On any given Wednesday one could find Marsha busying herself and our clients in the garden. She had the knack of getting our clients involved. Marsha had the even the most lacking of green thumb gardeners cutting, pruning, weeding and picking produce from our garden.
