

M-Able Monitor

Program for the Traumatcally Brain Injured

Fall 2010

Oh What a Tangled Web We Weave!

During my 12 years as the Director of M-Able, I've begun to notice how interlocked our lives really are. During the Spring of 1990, I was searching for a change in my nursing career. I was blessed to meet Timothy McClatchy, a 19 year old TBI client. My 18 years with Tim made my heart and nursing skills soar. Because of Tim's need for more therapy and socialization M-Able was started in the Fall of 1998. M-Able is a very social place to gather. (Linda Mascelli, BSN, RN, Director of M-Able)

Paul Walker and his family gather at M-Able on a beautiful Fall day!

Above, our employee Donna, has given us her 27 years of knowledge of raising her disabled daughter, Nicole. M-Able helped Donna get her first LPN job.

Eloise is a Chocolate Lab who is failing in health. Her owner Stephie stated that "Eloise needed a job to keep her spirits lifted and her stiff bones active." Eloise arrives with a wagging tail, on time, every Friday and becomes a bright spot in our client's day. Little did we know that M-Able is a therapy for our therapy dog?
